- Total Revenue Generated: ■78,895,802
- Total Profit Generated: ■1,561,687
- Best Performing Region: West
- Top Selling Product: Cabinet
- Average Profit Margin: 20.16%

Business Recommendations

1. Increase inventory and marketing investment for the top-selling product category to maximize revenue growth.
2. Replicate sales strategies from the best-performing region in lower-performing regions.
3. Focus on improving margins through supplier negotiations and cost optimization.
4. Monitor monthly sales trends using the Power BI dashboard to identify seasonal demand patterns.
5. Prioritize high-profit products and reduce focus on low-margin offerings.
